Attachments: SKMBT_C45214042213430.pdf

Good afternoon Victor,

I am being told that our attached layout has been approved by the city, pending a traffic control plan. All of our work is being done behind the curb and there is plenty of room for our vehicles to park at the curb without interfering with traffic. Please take another look at this location as we don't feel a TCP would be appropriate for this work location or work task.

Thank you,

John Johnston
